Cut-Off Knives

Zenith Cutter is the trusted leader when it comes to high quality and cost effective aftermarket replacement cut-off knives. We offer a full line of cut-off and rotary shear knife sets, with plain or serrated cutting-edge options. Zenith Cutter is proud to manufacture cut-off knives with only the best materials and workmanship in the industry.

Slit Score Knives

Zenith Cutter's slit score knives are made from special, heat-treated steel to provide enduring performance and precision penetration.

Center bevel serrations are furnished as standard, while slide bevel edges can be ground on request.

the most popular sizes are available from our inventory to assure prompt shipment.
