

Turf Care Solutions - LaserEdge®

The Lawn Mower Blade That "Cuts Itself Sharp"

Cutting edge on a used LaserEdge blade

Cutting edge on a standard used blade

Sharpen your profits, not your blades

No more down time to sharpen blades. No more blade sharpening expenses. No more increase in fuel usage due to dull blades. Only uptime and increased profits. At fisherbarton.com/laseredge you can find the "**Savings Calculator**" to find out just how much LaserEdge can save your operation.

LaserEdge Part Number	Replaces OE Part Number	Fits	Dimensions (Length X Width X Thickness)	Center Hole Diameter
